

ARETEWOOD
THE PURSUIT OF EXCELLENCE

BlackLine

Black Line is an innovative product with a certified antibacterial surface, giving architects and designers the means to create functional interior and exterior projects subject to an increased demand for hygiene. With a black core and slim design, it combines aesthetics with significant technical advantages.

FROM FLOOR TO THE TOP EDGE

BlackLine

Designed for full-height, floor-to-ceiling installations (e.g. 2.7 m), they create a seamless architectural look while delivering maximum privacy and long-lasting performance in high-traffic environments.

BlackLine*tops*

Black Line Tops are multipurpose compact boards offered in 8 contemporary wood, marble, and concrete designs. The selection is suitable for indoor and outdoor use or places exposed to intense impact and moisture, like conservatory or patio furniture, pool cabinets, and dining tables in bars or restaurants.

Board Size: 2800 x 2040 x 12 mm
3050 x 1300 x 12 mm
