Waterproof Wall Tiles 2026

2026

2800 x 1230 x 4 mm

Inspired by Nature. Elevated by Design. Powered by Innovation.

Rocko Tiles feature digitally printed patterns, that capture every nuance of natural materials—from the elegance of marble and the rugged texture of stone to the rich grain of wood.

R258
Lorento Noir

Innovative Waterproof Mineral Tiles

Timeless elegance meets modern durability. Inspired by Europe's finest marbles — from the snowy whites of Carrara to the deep blacks of Spain's Nero Marquina. Advanced printing technology recreates natural veining and depth with remarkable realism.

Texture:

SE - Sensotouch
HG - High Gloss

PT - Peetah Stone
FN - Flanders Oak

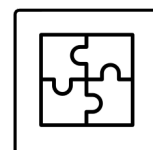

Each design includes three unique faces. Patterns do not continue across tiles.

Waterproof

Suitable for indoor use in both dry and humid environments - perfect for bathrooms, kitchens, utility rooms, and vestibules.

Effortless Installation

Designed for ease of handling and fitting. Can be cut, shaped, drilled, and installed over various substrates including ceramic tiles, plaster, concrete, plywood and OSB.

Extraordinary Format

2.800 x 1.230 x 4 mm
Large, slim panels cover full wall heights in most homes.

Scratch & Stain Resistant

A robust top layer protects against fine scratches and everyday wear. Resistant to common household stains - coffee, tea, cleaning agents, and personal care products.

SENSO TOUCH

Synchronized To Perfection

Realistic marble, stone or wood textures are created through advanced digital printing and tactile finishing. Every detail is precisely reproduced, with the surface structure perfectly aligned to the printed design - deeper for brushed wood, smoother for marble, or finely detailed for travertine.

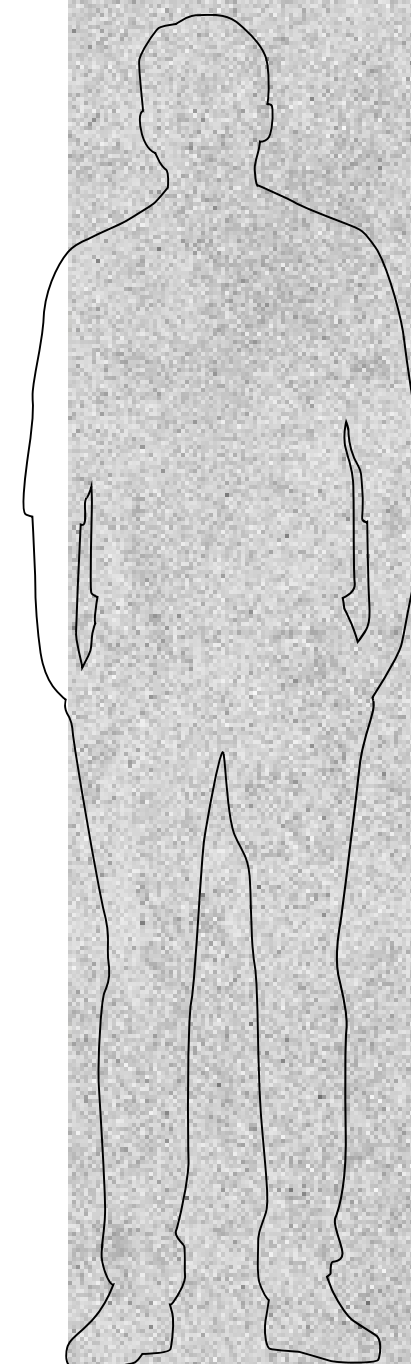

Soft Touch Surface

Warm and pleasant to the touch, offering comfort and elegance.

Dimensional Stability

Unaffected by changes in temperature or humidity - suitable for sunny interiors and damp areas alike.

Marble

Beauty shaped within
the earth, durability
for modern living.

Timeless elegance meets lasting performance. Advanced printing technology recreates natural veining, texture and depth with remarkable realism.

▪ Accessories

Coordinated Solutions

Rocko Tiles are supported by a full suite of accessories: adhesives, finishing profiles and silicons.

All components are manufactured and shipped from Europe, available at Arete Wood.

Profiles

A perfect finish for your tiles

Impressive aesthetics

They conceal cutting irregularities and ensure perfectly straight joint lines.

Extreme durability

They protect corners from impact and extend the lifespan of the entire structure.

Easy installation

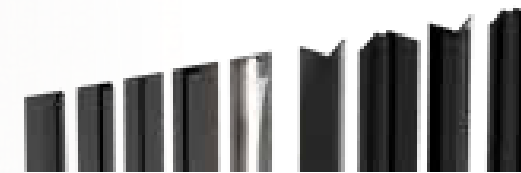

The intuitive profile shape reduces installation time.

Suitable for both professionals and DIY enthusiasts.

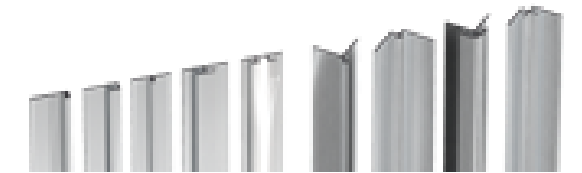

Design

Available in finishes that suit every interior style.

Available colors
